

Material Safety Data Sheet

1. PRODUCT NAME AND COMPANY IDENTIFICATION

Product Name	Herbal Oils Mix (for Aromatherapy Purpose)
Product Use	Natural Grade
Company Name	Natures Natural India
Company Address	6/46 2 nd Floor Ramesh Nagar Delhi - 110015
Date Issued	May 2017
Emergency Telephone Number	+91-9711-00-3901

2. COMPOSITION/INGREDIENT INFORMATION

Essential Oil	100 % by weight
Hazardous Components	Essential Oils & Carrier Oils
Exposure Limits	Not Available

3. HAZARDS IDENTIFICATION

Emergency Overview

Identified Hazards	Non-Hazardous
Medical Information	Please refer Section 4 below

Routes of Entry/Exposure	Eyes, Skin, Ingestion, Inhalation
--------------------------	-----------------------------------

Potential Health Effects

Eye Contact	Moderate irritation may occur.
Skin Contact	Irritation may occur with prolonged or repeated exposure.
Ingestion	Hazardous in case of ingestion. May cause renal effects.
Inhalation	Excessive vapors may cause irritation in throat and lungs.

4. FIRST AID MEASURES

Medical conditions generally aggravated by exposure

Eyes	Remove lenses if applicable. Flush with plenty of water or eye wash solution for 15 minutes holding lids apart. Get medical attention if irritation persists.
------	---

	Remove contaminated clothing. Thoroughly wash the affected area(s) and parts of the body with medicated soap and water. Flush with large quantities of water.
Skin	Cover with emollient or pure vegetable oil. Seek medical attention if irritation persists.
Ingestion	Seek medical attention or contact local poison control center immediately. Administer water or milk to dilute if advised by medical expert. Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Remove to fresh air. Seek medical attention if necessary.
Inhalation	Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek medical attention.

5. FIRE FIGHTING MEASURES

Flash Point	As per specification attached (COA)
Auto-ignition Temperature	No data available.
Flammability limits in Air transit	None identified
Extinguishing Media	Carbon Dioxide or Alcohol-resistant foam based
Fire Fighting Procedures	Self-containing breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Shutoff all ignition sources. Move contain from fire area if you can do it without risk. Apply cooling water to sides of containers that are exposed to flames until well after fire is out. Use flooding amounts of water as fog. Cool product containers with flooding amounts of water from as far a distance as possible. Avoid breathing vapors keep upwind. As with any containerized or pressurized chemical, in the event of overheating or direct flame contact, evacuate the area to minimize hazard of potential explosion
Unusual Fire Hazards	Not expected
Hazardous Decomposition Products	Carbon oxides and traces of incompletely burnt carbon oxides and traces of incompletely burnt carbon.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Avoid contact with eyes.
Protective Equipment	Refer to section 8.
Emergency Procedure	Avoid uncontrolled releases of this material. Where spills are possible, a comprehensive spill response plan should be developed and implemented.

Authorized Signatory

7. HANDLING AND STORAGE

Handling: Contents under pressure; do not puncture or incinerate; containers may violently rupture and travel a considerable distance. Do not place cans in trash compactor. Keep container closed. Aerosol containers can explode when heated, due to excessive pressure build-up. Do not store at temperatures above 120° F. Aqueous base does not contain any flammable ingredients (so no flash point is required) but the cans are pressurized with < 15% of extremely flammable liquefied gas. If cans are punctured, flammable gas will be released. Keep out of the reach of children. Avoid eye contact and prolonged skin contact.

Storage: Keep container closed and away from heat and flame sources. Since emptied containers retain product residues, all hazard precautions given in this MSDS must be observed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Eyewash Stations; Ventilation Systems; Showers

Personal Protection

Eyes	Use proper protection.
Skin	Rubber gloves are not required during handling, but recommended. To prevent prolonged skin contact wear impervious clothing and boots during handling of spills.
Inhalation	Respirator is advised in the absence of proper ventilation.
Clothing	Impervious coverall or any protective suit is recommended.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State	As per specification attached (COA)
Color	As per specification attached (COA)
Odor	As per specification attached (COA)
Specific Gravity	As per specification attached (COA)
Refractive Index	As per specification attached (COA)
Flash Point	As per specification attached (COA)
Boiling Point	As per specification attached (COA)
Melting Point	As per specification attached (COA)
Solubility in Water	As per specification attached (COA)

10. STABILITY AND REACTIVITY

Conditions to Avoid

Stability	Stable under normal conditions of use. Keep away from sources of ignition, flame and heat. Avoid hot work and sources of ignition on or near empty containers.
Incompatibility (Materials to Avoid)	Strong oxidizing agents.
Byproducts	Compounds may be formed during combustion.
Hazardous Polymerization	Will Not Occur

11. TOXICOLOGICAL INFORMATION

Voyt
Authorized Signatory

Acute Toxicity Product Information	This product is safe for its intended use based on formulation, bulk, finished product, and stability testing results; and a long history of safe consumer use.
Chronic Toxicity Chronic Toxicity Target Organ Effects	No specific information is available. No specific information is available.

12. ECOLOGICAL INFORMATION

Biodegradability	Not determined
Aquatic Toxicity	Non-toxic

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods	Disposal should be in accordance with all applicable Local, State and Federal regulations. Precautions to be taken in handling and storage. Do not discharge into waterways or sewer systems without proper or Local authorization.
Container Disposal	Dispose in a licensed facility. Additionally, disposal should be in accordance with all applicable Local, State and Federal regulations. Precautions to be taken in handling and storage. Pressurized container. Do not puncture or incinerate. Store in cool, dry area away from the sunlight.
Other:	When product is properly discharged in low concentrations to biological wastewater treatment plants it should not cause any disturbances in the degradation activity of the activated sludge.

14. TRANSPORT INFORMATION

Road and Rail Transport	Not classified as Dangerous Goods for transport Road and Rail. NON-DANGEROUS GOODS
Marine Transport	Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IM DG) for transport by sea; (NON-DANGEROUS GOODS)
Air Transport	Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. REGULATORY INFORMATION

TSCA	Exempt from TSCA chemical inventory listing requirement
DSL/NDSL	Exempt from DSL/NDSL chemical inventory listing requirements.
EU Classification	Non-dangerous

Authorized Signatory

16. ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from its use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.

This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

Report prepared by: Sarika

Designation: QC Manager

Fenugreek Oil Certificate of Analysis

Product Name	Fenugreek Essential Oil
Geographical Origin	India
Botanical Name	Trigonella Foenum
CAS No.	68970-15-6
Parts Used	Seeds
Method of Extraction	Steam Distilled
Color and Appearance	Pale yellow to light brown
Odor	Bitter aroma
Refractive Index	1.470 – 1.490
Specific Gravity	0.915 – 0.945
Flash Point	Above 230 F
Manufacturing Date	April 2017
Best Before	30 to 34 months after manufacturing month.
Solubility:	Slightly soluble in water, soluble in alcohol and oils
Storage	Store in cool, dry place in tightly sealed containers
Safety:	As Per MSDS
